

FRANSI AYELE

Computer Engineering Student

I am a dedicated and hardworking computer engineering student with a passion for technology and innovation. I have experience in programming, Web development, and hardware design, and I am always eager to learn new skills and technologies. I am seeking a challenging internship position where I can apply my knowledge and skills to real-world engineering projects.

Education

Bachelor of Science in Computer Engineering, AASTU,(2019 - 2024)

Skills

- Programming languages: **Java, Python, C++, JavaScript**
- Machine -learning: **Linear regression ,Logistic regression,CNN,RNN**
- Circuit design: **Multism, Proteus**
- Database management: **SQL, Oracle, MySQL**
- Web development: **HTML, CSS, Bootstrap, React**

Projects

● Plant Disease Detection System

A web-based plant disease detection system using Convolution Neural Network for Potato, Tomato and Pepper plants with 94% accuracy

● SUIt-Shopping website

This website offers a variety of high-quality suits for a user-friendly shopping experience using PHP and MySQL

● Design and implementation of a microcontroller-based system using C++
